Dear members of WG Batteries,

We hope you are doing well and have had a relaxing weekend. Please **find [here](#) a document we prepared for you**, outlining the **differences between Parliament and Council** as regards the Battery Regulation, and as both sides are starting to engage in trilogue negotiations over the final outcome. Towards the bottom of the document, we then proceed to outline our **proposed next steps**, as well as a **first draft for a letter to policymakers**. Please **feel free to leave your comments and we will make sure to incorporate them ahead of a call next Tuesday**, where we can discuss further.

You should have received a **meeting invite for next Tuesday** as well as a **meeting series** for every last Tuesday of the month as our regular meeting slot. Please note the next occasion may have to be delayed or brought forward by a week because of a conflict with an event we are hosting in Brussels - let's discuss what makes more sense in our call next week. Looking forward to seeing you there!

Best,

Thomas Neumann
Policy Manager
